## WHAT ABOUT YOUR TUBEROUS ROOTED BEGONIAS?

We hope to start making shipments of Tuberous Rooted Begonias about March 1st. Labor shortage is the cause of the delay in getting bulbs graded and counted.

Present estimate indicates that orders will be filled about 50% of total. Probably 75% on the 2"-up size. Our grower estimates a 50% crop loss in the field due to long and heavy November rains.

## AMARYLLIS "CALIFLORA" HYBRIDS.

Fine bulbs are still available for Easter and Mothers Day Pot Plants. Prices per hundred.
